

COMMENTS CONCERNING SIGNALING A PERSON TO THE SAAQ

Signaling a person to the SAAQ can result in:

- a request for further medical evaluation (M-28, M-5, M-14)
- a request for a formal driving assessment in a SAAQ service center
- a request for a functional assessment by an occupational therapist
- a driver's licence with a condition "S" (can only drive accompanied by an OT or a driving instructor)
- suspension of driver's licence
