## Create Playlist and Select Player Options

1. First, Figure Out What Songs You Want On Your Player.
2. Then, Download LimeWire [Here](#).
3. After That, Search For The Songs You Want.
4. Upload Your Songs To Either [FileAvenue](#) or [FileDen](#), You Have To Register With A Working E-Mail Account Before You Can Upload.
5. After Your Song Have Finished Uploading, You Should Be Given A Code In A Box, Copy *Only* The URL's Starting With 'http://' And Ending With '.mp3'. (Direct Link) Note: Only The .mp3 Extension Works With This Player.
6. Next, Paste The URL In The 'Track Numbers URLs:'.
7. Finally, Put A Name For Your Song (Will Show Up On Player) In The Box Labeled, 'Title/Artist:'
8. Repeat Those Steps For More Songs, And Everything Else Is Self Explanatory!

**Note:** Please Only Enter **Numbers, Letters, - , / , and .** Any Other Characters Might Confuse The Generator.

\* You may modify the track order. To change the order of the tracks on your playlist, use the up and down arrows to move it. Or, click the track number and enter the position you wish to move it to, then hit enter. If this position already contains a track it will be moved down but not replaced.

- Start Player Automatically
- Show the Equalizer
- Opened the Play List
- Randomize Tracks

1. En primer lugar, elegir qué canciones quieres en tu reproductor.
2. Después, busca las canciones que deseas.
3. Sube tus canciones a cualquier [FileAvenue](#), [Upload-mp3](#), [Fileupyours](#) o [Fileden](#). Usted tiene que registrarse con una cuenta de **correo electrónico** antes de subir sus canciones.

- Después de subir su canción, copie sólo la **URL** (Enlace directo), que comienza con "**http://**" y termina con **".mp3"**. Sólo la extensión MP3 trabaja con este reproductor.

http://www.upload-mp3.com/files/295650\_mq63f/07%20-%20Star%20Trek%20Voyager%20Main%20Title.mp3

- A continuación, pega la **URL** en una caja con el título "**Números de pista URL:**".
- Por último, poner un nombre para su canción (se mostrará en el reproductor) en la casilla, "**Título / Artista:**"

Tracks:

Order	Track URL:	Title/Artist:
1	http://www.upload-mp3.com/files/295650_r	Main-title
2		
3		
4		
5		

- Repita estos pasos para añadir más canciones y todo lo demás se explica por sí solo.

Haga clic en el botón "**Continue**" para generar un código HTML del reproductor.

Copia y pega este código en un gadget o complemento de tu página de blog.

The screenshot shows the homepage of Upload-MP3.com. At the top left is the logo, which consists of a blue arrow pointing up and to the right, followed by the text "Upload-MP3" in a blue, stylized font. Below the logo, it says "Welcome leon198625!". A navigation bar contains links for "Home", "My Files", "Upload", "UserCP", "Logout", and "Website Hosting". The main content area features a heading "Free MP3 File Hosting for Music" with a sub-date "Feb 09, 2009". A "Hello!" message is followed by a welcome text explaining the site's purpose for musicians. A section titled "Registering for a free account will give you the following benefits:" lists several advantages, including a 10 MB upload limit, 250 MB of disk space, and the fact that everything is free. A link to "register your new FREE account" is provided. At the bottom, there is a disclaimer about user responsibility for uploads and several utility links like "Search 550,000 MySpace Layouts", "Terms of Service", "Privacy Policy", "Your Account", and "DMCA".

Haga clic en el vínculo  "Upload" en la barra de navegación de la página.

This screenshot shows the file upload interface. On the left, under "Upload options", there is a dropdown menu set to "My Documents (1)", and two checkboxes: "Extract Zip files (?)" (unchecked) and "Show linking codes" (checked). The main area is titled "Select files" and contains a text input field with an "Examinar..." button to its right. Below the input field, it states "Maximum file size is 50 MB". A message says "Click Browse to select a file. Repeat to add more files." At the bottom of the interface are two buttons: "Upload selected files" and "Cancel".

Haga clic en el botón "Examinar" para buscar la canción (.mp3) en su computadora.
